📁 Work Experience

Station Manager | Operations & Data Analyst, GASO PETROLEUM COMPANY LIMITED

01/2021 – Present | Kumasi, Ashanti Region

Key Responsibilities

- Lead the daily operations of a retail petroleum station, ensuring compliance with company operational policies, safety standards, and regulatory requirements.
- Managed inventory for approximately **18,000-litre** storage tanks.
- Manage daily cash reconciliation, banking transactions, and financial accountability while ensuring accurate sales reporting.

Key Achievements

- Strengthened operational controls by implementing effective stock reconciliation and inventory monitoring procedures.
- Developed Power BI dashboards for operational and financial reporting.
- Managed daily petroleum inventory valued at thousands of Ghana cedis while maintaining accurate stock reconciliation and minimizing operational variances.
- Produced weekly and monthly KPI reports supporting operational decision-making.
- Led a team of attendants to maintain compliance with operational standards.

Back Office Operations Officer,

UNIBANK GHANA Now CBG

06/2012 – 09/2016 | Kumasi Harper Road

Key Responsibilities & Achievements

- Performed back-office banking operations, ensuring accuracy in financial transactions, settlements, and regulatory compliance.
- Maintained customer account records and supported operational activities in accordance with banking policies and procedures.
- Processed reconciliations, record maintenance, and financial documentation with a high level of accuracy and confidentiality.
- Assisted in internal control processes that strengthened operational efficiency and reduced processing errors.
- Collaborated with branch departments to ensure smooth operational workflow and quality customer service.
- Supported accounting, reporting, and administrative functions to achieve operational objectives.

Professional Summary

Results-oriented Data Analyst and Accounting professional with over five years of experience in operations management, financial reporting, inventory control, and business performance analysis. Holds a Bachelor of Business Administration (Accounting), the Google Data Analytics Professional Certificate, and is currently pursuing ICAG Level II.
